

DC SAFE SPORTS PLAY

Crafting your sports & play area

About Us

Crafting Your Sports & Play Area

At DC Safe Sports Play, we work diligently to develop designs and products to match world-class quality. With our technical superiority, best-in-class material and industry knowledge we provide quality material to all our esteemed clientele. Turnkey projects, play ground development, sports courts, walking/jogging tracks, running tracks, squash courts, outdoor fitness and more these are some of our specialties.

Our motto is maximum customer satisfaction and so we have a designing, execution, before and after sales service team to cater to all our client needs. With our in house mash-up of modern machinery and expert craftsmanship we've created innovative, diverse and inclusive play, sports, safety products for children in all age groups.

Our quality speaks bound for our credibility with clients ranging from various prestigious developers, sports clubs, indoor & outdoor stadiums, international school, government organizations, universities, colleges, resorts, hotels & many more...

EPDM KIDS SAFETY FLOORING

EPDM Kids safety rubber flooring

Top layer consists of EPDM granules, commonly it is of 6-10mm thick. The base layer is R-Grade rubber or Buffer or SBR. Granules of EPDM and Buffer are bounded together with Polyurethane Binder mixed in proper percentage to attain desired softness.

Standard Thickness:
18mm, 24mm, 30mm, 36mm & 50mm

SPORTS COURT FLOORING

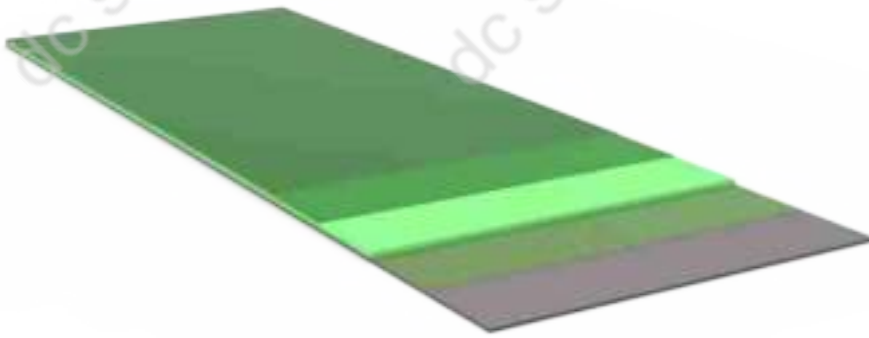

SPU COURT FLOORING

Thickness: 3mm, 4mm, 5mm, 6mm, 7mm

Games: Tennis, Volleyball, Handball, Basketball & Badminton

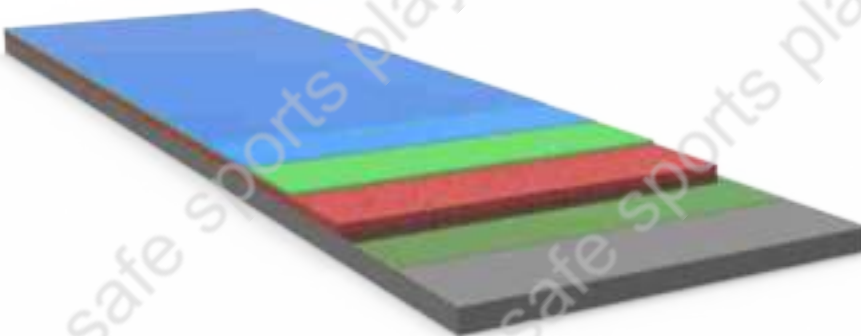

Functionally & aesthetically pleasing our SPU Flooring System is high in strength, durable, UV stable, antiskid & water non-permissible Polyurethane based sports flooring suitable for variety of indoor or outdoor sports with adequate cushioning.

FULL PUR COURT FLOORING

Thickness: 8mm to 10mm customizable

Games: Volleyball, Handball, Basketball & Badminton

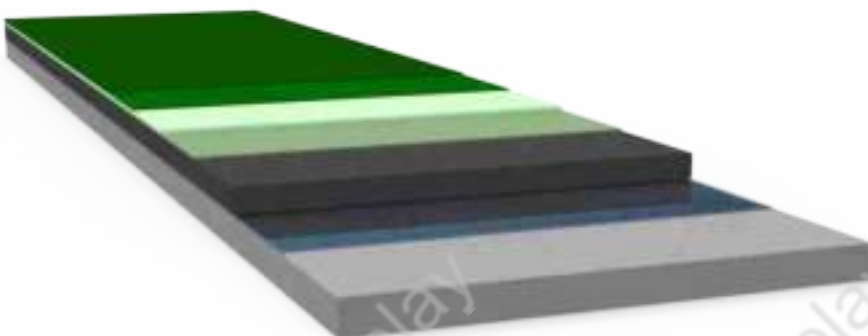

Full PU functionally & aesthetically pleasing our Full PUR Flooring System is high strength, durable, UV stable, anti-skid & water non-permissible Polyurethane based sports flooring with SBR granule mixing for added cushioning suitable for variety of indoor or outdoor sports.

SANDWICH SYSTEM COURT FLOORING

Thickness: 8mm to 10mm customizable

Games: Volleyball, Handball, Basketball & Badminton

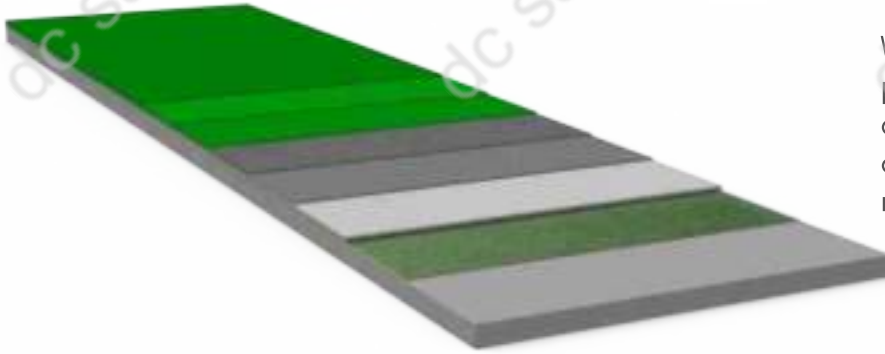

Functionally & aesthetically pleasing our Sandwich PU Flooring System is High strength, durable, antiskid water non-permissible Polyurethane base system with underlay of SBR granule for added cushioning.

ACRYLIC CUSHIONED COURT

Thickness: 2.5mm - 3mm

Games: Tennis, Volleyball, Handball, Basketball & Badminton

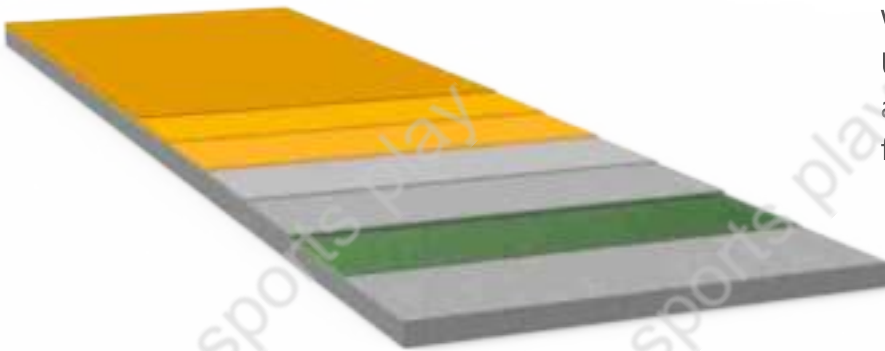

Wet-pour system, weather proof, UV stable, cost effective, anti skid sports flooring with cushion, which is suitable for multiple sports.

ACRYLIC HARD COURT

Thickness: 1.5mm - 2mm

Games: Tennis, Volleyball, Handball, Basketball & Badminton

Wet-pour system, weatherproof, UV stable, cost effective and antiskid sports flooring suitable for multiple sports.

MULTI-SPORTS CURL GRASS

Thickness: 13mm - 16mm

Games: Volleyball, Handball, Basketball & Badminton

All weatherproof, high density, durable, Multipurpose curl sports turf used for multipurpose sports courts for indoor and outdoor use with or without infill.

FOOTBALL STRAIGHT TURF

Thickness: 50mm - 60mm

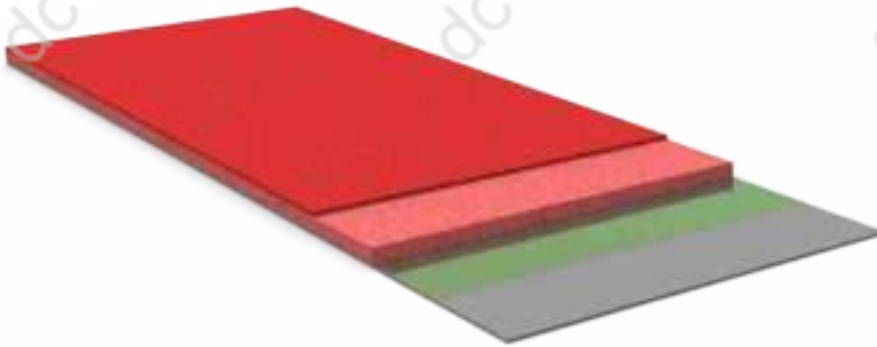

Games: Volleyball, Handball, Basketball & Badminton

All weatherproof, high density, durable, straight sports turf used for indoor or outdoor football or futsal grounds with infill.

RUNNING & WALKING TRACK

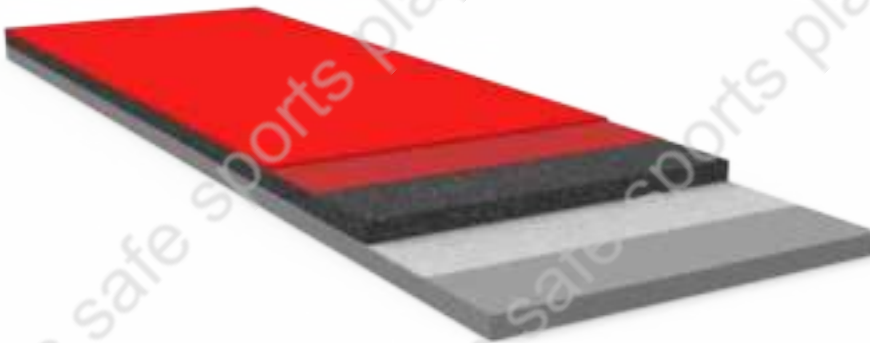

FULL PU WALKING/ JOGGING/ RUNNING TRACK

High performance, all weather resistance, water non-permissible walking track system with SBR cushioned layer covered with top layer of mechanically spread mixture of polyurethane & EPDM.

Thickness: 10mm to 15mm customizable

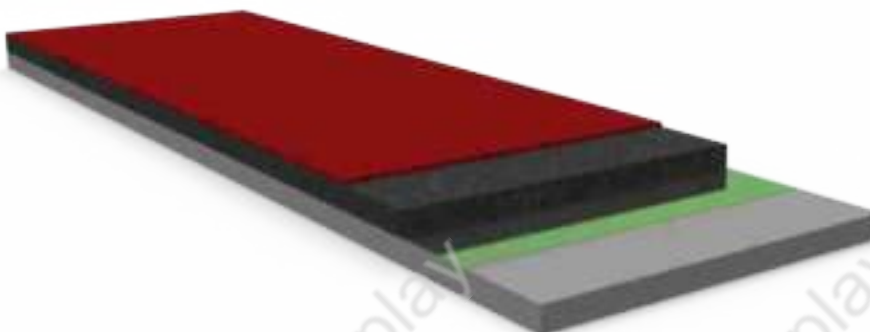

ESPU PRO WALKING/ JOGGING/ RUNNING TRACK

Functionally & aesthetically pleasing our SPU Flooring System is high in strength, durable, UV stable, antiskid & water non-permissible Polyurethane based sports flooring suitable for variety of indoor or outdoor sports with adequate cushioning.

Thickness: 10mm to 15mm customizable

ESPU ECO WALKING/ JOGGING/ RUNNING TRACK SYSTEM

High performance, all weather resistance, water-permissible walking track system with SBR cushioned layer covered with top layer of mechanically spread mixture of polyurethane & EPDM.

Thickness: 10mm - 15mm customizable
